Entire Shorthorn Herd

Formerly owned by J. A. Alderson, Nash,

AUCTIONEERS: Harrill, Newcom and Burgess

Foreword

It has been fully and clearly demonstrated that a successful breeder must have a great sire or sires at the head of his herd. By this we mean that a bull must not only be an excellent individual, but he must be bred from prepotent ancestors on both sides of the pedigree.

It has also been demonstrated that there is always a market for the best animals of every breed. When markets are depressed the common kind of registered live stock of all breeds has but little value over market animals, but animals of outstanding quality and desirable pedigrees, if presented in sale condition, will always command profitable prices.

By referring to the pedigrees and the foot notes under them, you will readily see that Mr. Alderson was an expert judge of pedigrees. In selecting his herd bulls he has used rare judgment as few, if any herds in the Central West, have been supplied with so many excellent herd bulls.

We draw your special attention to the breeding and foot notes of the herd bulls in this catalog. We also draw your attention to the pedigrees of the brood cows. You will find practically every popular Scotch family represented, and the greatest bulls known to the Shorthorn breed are represented by their descendants in this sale.

At the time the foundation for this herd was assembled, Mr. Alderson was a banker and extensive land owner. It was his ambition to own the best Shorthorn herd in America, and in order to accomplish this desire he attended auction sales in various parts of the country and invariably purchased nothing but the best, and a great many times the top animals in the sale were purchased by him. A great many of the young animals in the sale were produced by cows that cost Mr. Alderson from \$1,000 to \$3,000 each. These prices signify nothing at this time except to prove that Mr. Alderson was buying the best that money could buy.

The buyers of today who attend this sale, will have the opportunity of buying the best blood lines known to the breed at prices much cheaper than they could have purchased plain bred Shorthorns a few years ago. The depression following the war has caused thousands upon thousands of registered cattle to be shipped to market with the result that the entire country is short of good breeding cattle. The price of market cattle has advanced very rapidly during the past twelve months, as the pure bred cattle furnish the seed that the ranchmen must have to keep up the quality of their grade herds, it will only be a short time until the strong demand for good bulls will make the prices so high that the demand for females will far exceed the supply.

This sale offers the opportune time for you to establish a new herd or replenish the one that you have—Excellent breeding cattle that you can secure at your own price.

Make arrangements now and be at the ringside sale day.

F. S. KIRK, SALES MANAGER,
Wichita, Kansas.

GUARANTEE

This being a dispersion sale no breeding guarantee will be given. However, all of the animals known to be non-breeders have been cut out, including cows that have been regular breeders but fail to settle during the past season.

IDENTIFICATION

As Mr. Alderson has gone it has been necessary to keep a number of excellent cattle out of the catalog, as we were unable to positively identify them. Nothing will be offered for sale as registered, except animals that can positively be identified with horn brands, ear marks or by Mr. Rice, the herdsman who has been in charge of the herd for several years.

HEALTH CERTIFICATES

Every animal over six months of age offered in the sale has been recently tested for tuberculosis and found to be clean and healthy. A Veterinarian's Certificate will be furnished to the buyer for each animal.

A Registration Certificate will be furnished to the buyer for each animal sold, except calves at foot, and a signed application for registration will be furnished with each calf.

TERMS

The sale is for cash. However, responsible parties desiring time will be able to get it, provided arrangements are made with the Bank officials previous to the sale.

FREE FREIGHT

In order to encourage buyers from a distance to attend the sale, we will prepay the freight on all carlot shipments of 20 head or more (not including calves at foot) to all stations within 300 miles of Nash, Oklahoma. If buyers live farther away than 300 miles, we will pay the freight for a distance of 300 miles and the buyer will pay the balance.

SHIPPING INSTRUCTIONS

All animals will be at the risk of the buyer as soon as sold by the auctioneer. However, we will use all ordinary due care and handle at the buyer's risk, and ship all animals free of charge, provided, the buyer leaves shipping instructions with the sale clerk when settlement is made. Buyers are requested to bring cashier drafts or letters of credit from their bankers stating that their checks will be paid when presented.

Sales Manager's Notes—This is probably the best bred white herd bull, the best individual and the best proven sire that will be offered in any sale during the year. As a show bull he was a Junior Champion at a number of the leading State Fairs and Stock Shows in Kansas and Oklahoma. His sire, Bapton Corporal, was bred by J. Deane Willis, one of the world's greatest breeders of Scotch Shorthorns. Bapton Corporal has won more Grand Champion prizes at the leading State Fairs and National Stock Shows, than any other imported bull now owned in America. His full sister, Imp. Lady Dorothy was twice Grand Champion at the Chicago International. He was sired by Hoar Frost, one of the most noted sons of Keep Smiling, and you will note that the dam of Park Place Corporal was an imported cow and sired by Keep Smiling.

Probably the most distinguished and desirable part of the entire pedigree of Park Place Corporal is the fact that his pedigree shows eight dams bred by James Durno. It is a matter of record that James Durno has bred more high priced females than any other breeder that ever lived. For a great many years the bulls bred by William Duthie averaged higher in the annual sales than any others in the world. The sale of Mr. Durno usually was held the day following Mr. Duthie's sale, and year after year, without an exception, his females averaged higher than the females sold by Mr. Duthie.

You will note also that the third and fourth dams were sired by bulls bred by William Duthie. As a sire of thick fleshed, mellow, easy feeding, quick maturing calves, Park Place Corporal has proven to be one of the best. One of the best breeders in Kansas recently made the statement that in his opinion Park Place Corporal was the best bull living today in either Kansas or Oklahoma. He will be a wonderful bargain for some one and will add fame, prestige and profit to the herd he goes to.

We are selling in this sale a number of cows sired by Imported Bapton Corporal. Sales Manager's Notes—This bull was a splendid individual and in my opinion one of the best, if not in fact the best breeding bull ever owned in the Southwest. I do not call to mind any other bull that ever sired such a uniform lot of excellent calves. They matured early and when fitted were prize winners in the best shows. His pedigree is remarkably good. His sire, Pride of the Dales, was a prize winner at the leading State Fairs and National Stock Shows. His sire, Avondale, was a Grand Champion every year for six years and sired more Champions than any other Shorthorn bull known to the breed.

Imported Rosewood 86th, dam of Pride of the Dales, was regarded as one of the greatest brood cows ever owned in America, and her sire, Pride of the Day, was one of the greatest bulls of his time in Scotland.

The dam of Susan's Avondale was sired by the International Grand Champion Ceremonious Archer. He was by the Grand Champion, Best of Archers, that was also Supreme Champion at the English Royal. His sire, Scottish Archer, was regarded by William Duthie (acknowledged as Scotland's greatest breeder) as the best breeding bull he ever owned. Five of his get were English Royal Champions. The second dam of Susan's Avondale was sired by the Grand Champion imported Marquis of Zenda, that also sired numerous Grand Champions. The third dam of Susan's Avondale was imported and sired by Mountain Archer, bred by William Duthie and sired by his celebrated herd bull Scottish Archer.

There are a number of animals selling in this sale sired by, and others closely related to Susan's Avondale.

Sale Manager's Notes—As Park Place Corporal is one of the best white herd bulls, Avon Roseblush is without question the best bred, the best individual, and the best sire we know of among all of the red bulls, not only in Oklahoma, but in the entire Central West. He was bred, exhibited and used by a small breeder in Oklahoma. As a two-year-old he was First Prize bull at the Kansas National Live Stock Show in the largest class of two-year-old bulls ever exhibited in the West. After he had defeated the famous show bull there being exhibited by Carpenter & Ross, Pete Ross examined him and made the statement "that he was the most mellow and the thickest fleshed bull he had ever placed his hands on." His sire, Susan's Avondale was, in the opinion of the writer, the best sire ever owned in Oklahoma. There were many other sires whose calves won more premiums, because the get of Susan's Avondale were not developed and exhibited, but the writer, as sales manager, has sold a great many of his get and he has never seen a poor individual sired by him, and has sold many that would have been prize winners at the big shows had they been given a chance. The sire of Susan's Avondale was an International prize winner and a State Fair Grand Champion. His sire, Avondale, is acknowledged as the greatest sire of Champions known to the breed. Avondale was a Grand Champion every year for six years and defeated practically every noted Grand Champion of his day. He sired approximately a dozen International Champions, including five International Grand Champions. He is acknowledged to be the greatest son of the Grand Champion, Whitehall Sultan, who sired more famous herd bulls and established the greatest family of any bull ever imported to America. The dam of Susan's Avondale was sired by Ceremonious Archer an International Grand Champion that sold for \$5,000 as a yearling when cattle were cheaper than they are now. His sire, Best of Archers, was many times Grand Champion in America, and was also Grand Champion of the English Royal, the greatest Shorthorn show in the world at that time. The imported dam was Rosebud, bred by William Duthie. As a sire, Avon Roseblush has proven to be one of the best ever owned in the Central West. His calves are well formed, short legged, thick fleshed, easy feeding, quick maturing, modern type Shorthorns.

RINGMASTER

By Snowflake, by Nonpareil Stamp, and he by Imported Nonpareil Victor. The dam of Ringmaster was by the many times Grand Champion, March Knight. Ringmaster was one of the most successful prize winning bulls known to the breed.

Maxwalton Monarch is the only bull in American Shorthorn history that has won more Champion prizes, and Ringmaster is the only bull that was Grand Champion three years at both the American Royal and International. He won 20 Junior, Senior and Grand Champion ribbons at the American Royal and International and 47 Championships all-told. We are selling in this sale quite a number of animals closely related to Ringmaster. Numerous others are close descendants of March Knight, also a number of others close descendants of Imported Nonpareil Victor, one of the ten greatest breeding bulls ever imported to America.

Sales Manager's Notes—This grand old bull will no doubt be in strong demand, as he is one of the few living sons of the illustrious Fair Acres Sultan, acknowledged as the greatest sire of Champions ever owned west of the Mississippi River. Fair Acres Sultan also sired more high priced Shorthorns than any other bull ever owned west of the Mississippi, and his get holds the American high priced sale record in one auction sale. He sired the \$17,500 Fair Acres Sultan, the \$17,250 Fair Acres Sultan, Jr. and a great many more high priced bulls. In one sale ten heifers sired by him averaged a trifle more than \$3,800. These high prices mean nothing at this time except to show that his get were in such strong demand that the breeders from all over the United States were anxious to pay the highest market price prevailing at that time.

Fair Acres Sultan, his sire, Whitehall Sultan and his dam, Snowbird, were all Grand Champions. His dam was also a full sister to the sire of the forty-seven times Grand Champion, Ringmaster. The dam of Fair Acres Stamp was sired by the noted breeding bull, Missie's Knight, a grandson of the \$5,000 Grand Champion, March Knight, who sired two International Grand Champion females, and his get of sire groups won more first prizes at the American Royal Stock Show than the get of any other Shorthorn bull. The second dam was sired by True Blue, a line bred grandson of March Knight.

The Imported dam in this pedigree was the noted cow, Orange Blossom 31st, sired by Commodore, accredited as the best bull in the Cruickshank herd when it was dispersed. The next sires in the pedigree, Cumberland and Caesar Augustus were both noted show and breeding bulls used by Amos Cruickshank, the founder of Scotch cattle.

Sales Manager's Notes—This bull is dead. However, we print his pedigree for reference as a large number of cattle in the sale are either sired by him or closely related to him. His sire, Roan Lord, sold for \$10,000.00 several years before the height of the war time prices. He sired approximately 25 Junior, Senior and Grand Champions, and he ranks as the greatest sire of prize winners sired by the Grand Champion Revolution. Revolution sired more Champions than any other son of Avondale, who in turn, sired more Champions than any other bull known in Shorthorn history. The dam of Roan Lord was the many times Grand Champion Maxwalton Roan Lady, who was a full sister to the International Grand Champion Maxwalton Commander, regarded by many as not only the best son of Avondale, but as the most perfectly formed Shorthorn bull that ever lived.

The dam of Arngask Maxhall was an imported cow bred by William C. Hunter and sired by Polnaise Quiver, a famous prize winning herd bull, and one among the greatest of his day in Scotland.

Arngask Maxhall is of the famous Miss Groat family that also produced Earl of Kingston, the most famous Scotch Shorthorn bull of modern times, undefeated as a show bull and a sire of a score or more of Champions including Edgcote Hero Champion at five shows and sold for \$50,000.00. Edgcote Taft, the celebrated imported bull owned by Owen Kane, of Nebraska, is also a son of Earl of Kingston.

Sales Manager's Notes—Selected by Wm. Hartnett as one of the best bulls in Scotland. He is of the Cruickshank Brawith Bud family by some called Pure Gold after Golden Days dam of Pride of the Isles, Golden Rule and Lord of the Isles, three wonderful sires.

The sires in this pedigree have taken a large part in the making of our modern Scotch Shorthorns. Cardinal, the chief stock bull in one of Scotland's best herds was by the Duthie bred Primrose Pride, one of the top bulls of this year. His sire Max of Cluny is one of the greatest bulls ever used by Wm.

Duthie regarded as the best breeder of Scotch cattle. Max of Cluny sired Collynie King Lavender, sold for \$27,825 at 8 months old the highest priced calf Mr. Duthie ever sold. He also sired the \$21,000 Cluny Proud Augusta and the \$16,000 Collynie Masterpiece each of them the top calf in the Duthie sale of their year.

The dam was by a son of the renowned sire, Royal Mint bred by Wm. Duthie. His daughter, Orange Bud was one of Mr. Duthie's most famous cows. She produced Orange Blossom 40th sold at 8 months and topped the Duthie females at \$5,000. In 1921 after prices had declined, her heifer, Orange Blossom 56th, sold at 5 months for \$3,500 and also topped the female sale.

The second dam of Imported Polmaise Vanguard was by Challenger, Scotland's famous Champion. He comes of a long line of Scotland's best bulls. His sire, Prince of Sanquhar, was by Pride of Holl by Pride of Avon by Primrose Pride, by Pride of Morning. It would take a full book larger than this catalog to refer to all the prize winnings of these seven bulls and their get. Hundreds, yes thousands of Champions are descendants from these 7 bulls.

The fourth dam was by Cap-a-Pie, a famous English Champion and sire of Imported Lord Banff, Grand Champion at Buffalo World's Fair, Toronto National and five State Fairs. Champion of England, the greatest of all Scotch bulls bred to a daughter of Lord Raglan was the cross from which more than ninety Scotch Champions descend.

The eighth dam, Golden Lady, was one of Mr. Cruickshank's most celebrated show cows. Her sire, Champion of England was the greatest Scotch Shorthorn bull that ever lived. His reputation and success as a sire was made largely from cows sired by Lord Raglan.

If you want to breed Shorthorns that will give you fame, pleasure and profits buy some of the calves sired by this bull, or a cow bred to him.

Sales Manager's Notes—Sired by Champion show bull Park Place Corporal. The first, second, third and fourth dams were all bred by W. B. Atherton, and his father, F. P. Atherton. The Athertons have been among Oklahoma's best breeders. They used nothing but well bred herd bulls and all of them good individuals. Mr. F. P. Atherton was one of the pioneer breeders in Garfield county and as early as 1903 paid a long price for a bull to head his herd. While the bulls used by him have no show records that I know of, his reputation as a breeder insures that they were good bulls.

Sales Manager's Notes—This is an excellent individual with a most remarkable pedigree. There is no Scotch family more popular in the United States than the Bruce Augustas. The sire, Susan's Avondale is an unusually good breeding bull, and he also has a wonderful pedigree. His sire, Pride of the Dales, was a prize winning bull that sired numerous prize winners and was regarded as one of the best sons of Avondale, and he sired more Champions than any other bull of the breed. The dam of Susan's Avondale was by the International Grand Champion Ceremonious Archer, and he by the English Royal Superme Champion, Best of Archers. The first dam was sired by Stanton's Choice, a noted show and breeding bull and a grandson of Glenbrook Sultan, one among the five best sons of imported Whitehall Sultan. Glenbrook Sultan, sired a great many Champions, and he also sired first prize group Get-of-Sire at the American Royal and second prize group at the International. The third dam was imported and sired by a noted stock bull at the head of J. Deane Willis' herd, breeder of world-wide fame.

letta 4th V47-46. Dam, Victoria Briseis V61-874 by Victoria's Count 195220, out of Linwood Briseis V53-814.

Sales Manager's Notes—This is an excellent bull with a splendid pedigree. His sire, Park Place Corporal, was a State Fair Champion and his sire Imported Bapton Corporal was Grand Champion at Denver, Wichita, Oklahoma City, Fort Worth and numerous other shows.

You will also note that the dam of Park Place Corporal was an imported cow sired by Keep Smiling, the grandsire of Bapton Corporal. The first dam was sired by Diamond Emblem, he by Imported Proud Emblem, Jr. The dam of Imported Proud Emblem, Jr. and the dam of Diamond Emblem were both sired by Diamond Star. He was Champion at 11 shows in Scotland and chief herd bull for ten years in one of Scotland's best known herds. The second dam was by a son of Hampton's Best. He sired first prize calf herd, first prize young herd at the St. Louis World's Fair. He also sired second prize Get-of-Sire group at both the Royal and International in 1903 and 1904. He was undoubtedly the best son of Imported Merry Hampton, Champion at the Highland Show in Scotland and a remarkable sire. The third dam was by Missouri Monarch a prize winning son of Orange Monarch. He was one of the most extraordinary breeding bulls known to Shorthorn history—a show bull himself and a producer of show cattle. He sired numerous Champions, also the first prize calf herd and three head of the first prize young herd at the Chicago International. His son, Lord Lovel, was probably the greatest breeding son of the Grand Champion, St. Valentine. The fourth dam was an imported cow of the Princess Royal family, so that this bull's pedigree is good enough to suit the most critical judges.

Sales Manager's Notes—This cow has an extraordinarily good pedigree. Her sire, Spicy Pride, was an excellent breeder. He was sired by Cumberland's Last, an International Champion that sired two International Grand Champions, and the dam of Spicy Pride was also the dam of Double Dale, one of the very best breeding sons of the Grand Champion, Avondale.

The first dam was sired by a grandson of Baron Lavender, who was an own brother to the sire of the International Grand Champion, Lavender Viscount.

The bottom cow shown in the pedigree was one of the most famous prize winners in Scotland of her day, and was the pride of the Cruickshank herd.

Note—This cow was unfortunate enough to lose her calf, and her dam Autumn Violet 5th died and her calf by Park Place Corporal was placed on this cow and sells with her.

Sales Manager's Notes—This is an exceptionally good brood cow. Her sire Spicy Pride, was one of the best breeding bulls ever owned in Oklahoma. He was sired by Cumberland's Last, an International Junior Champion that sired King Cumberland and Susan Cumberland, both International Grand Champions. One of his sons sired the 27 times Champion, Cumberland's Type. The dam of Spicy Pride was also the dam of the illustrious sire, Double Dale, one among the three greatest sons of Avondale. The first dam was sired by Bandsman's Commander, a grandson of the English Royal Supreme Champion Newton Crystal. The second dam combined the blood of Scottish Archer (he sired five English Royal Supreme Champions including Marengo and Best of Archers) and William of Orange one of the most prepotent bulls known to the breed. This is truly an exceptionally good pedigree.

Sales Manager's Notes—Sired by Imported Caledonia, one of the most remarkable imported bulls brought over during the war boom. He was used in the Gillespie herd at Tulsa, later by F. W. Harding, Chief Executive of the Shorthorn Association, and then in California where he sired a large number of prize winning Shorthorns. His sire, Proud Emblem, has been the chief herd bull of William Anderson for several years, and Mr. Anderson is one among the best known breeders in Scotland.

The first dam was by Silver Knight, a splendid individual and excellent breeding bull used by J. F. Prather. The second dam was sired by a son of Imported Cock Robin, that sired numerous International prize winners. This cow is thin in flesh and will, no doubt, sell very cheap when her pedigree is considered. She is regarded by the herdsman as one of the best brood cows in the herd.

The first dam was sired by the good breeding bull, Marshal's Pride, by Perfection Marshal. You will note that the first and second dams were each sired by bulls bred by E. M. Parsons or his sons, who maintained an excellent herd and used nothing but high class sires.

The Linwood Golden Drops were considered among the best brood cows in the herd formerly owned by W. A. Harris at a time when his herd was acknowledged the best in America. The sires, Craven Knight, Thistle Top, and Baron Victor were all imported bulls bred by Amos Cruickshank. The last named was the bull that first made Scotch Shorthorns popular in America.

Sales Manager's Notes—A Duthie Rosebud. During the boom day prices the Duthie Rosebuds were extremely popular and sold for very high prices. The imported cow was bred by Wm. Duthie, Scotland's most famous breeder, and her dam was bred by W. S. Marr and sired by William of Orange, accredited as the greatest breeding bull ever used in the Marr herd. The sire, Heir of Englishman, was Champion at the English Royal. His sire, Englishman, and his son, Young Englishman, were also Supreme Champions at the English Royal. The top of the pedigree represents Avondale, the noted bull Starlight and the excellent Iowa sire, Princippe.

SCRUB BULL

This is a cut made from a picture of a 4-year-old bull found in service. Some farmers think they cannot afford to pay the price and own a good bull, but no farmer is rich enough that he can afford to use a bull of this kind. Compare him with the other bulls whose pictures are shown in this catalog. Like begets like. It pays to breed the best.

Sales Manager's Notes—This is a Scotch top pedigree with several most excellent bulls at the top. Susan's Avondale was certainly one of Oklahoma's greatest breeding bulls. He blends the blood of Avondale and Ceremonious Archer, two Grand Champion show bulls and sires of national fame. The first dam was sired by a son of the Grand Champion, Prince Valentine 4th.

The second dam was by a son of the Grand Champion, Searchlight. Enough high class sires are represented in this pedigree to insure Bertha's Dale to be a good sire.

He had a short career in this country, but there are few who question that he would have demonstrated himself to be one of the breed's most valued sires. One of his daughters was Junior Champion at the St. Louis World's Fair. His son, Diamond King, was sent to Texas as a calf and his record there as a sire in the hands of Frank Scofield has never been equalled by any other bull of any breed. At the Ft. Worth Stock Show one year the get of Diamond King won every first prize in the show, including the group and herd prize, as well as the individual classes.

Sales Manager's Notes—A Scotch cow of the Cruickshank Lavender tribe. It is unusual in this day and age to find a cow with the imported dam bred by Amos Cruickshank, so close to the top of the pedigree. Her sire, Lavender King, was a grandson of Daydream's Pride and the dam was sired by a son of Daydream's Pride. He was a most excellent individual and an outstanding sire of State Fair prize winners. The second dam was by a grandson of Imported Thistletop, bred by Amos Cruickshank and used by W. A. Harris at a time when his herd was acknowledged as the best herd of Scotch Shorthorns in America. The fourth dam was imported and sired by Barmpton, one of the greatest breeding bulls of all time. All of the Cumberland family in the United States, and all of the Baron Victor family, which includes International Grand Champions, Lavender Viscount, Master of the Grove and many others are descendants of Barmpton. This is an extra good cow and will attract the attention of critical breeders.

Sales Manager's Notes—You will note that seven of the dams in this pedigree were bred by James Durno, and it is a matter of record that Mr. Durno has bred more high priced Shorthorn females than any other breeder in history. His annual sale for a number of years was held a short time following the sale of Wm. Duthie. In the Duthie sale the bulls always made the highest average, but for a number of years the heifers in the Durno sale averaged higher than any other sale held the same year.

You will also note that the imported cow was not only bred by James Durno, but that her sire was bred by Wm. Duthie, regarded as Scotland's greatest breeder of Shorthorn bulls.

The Sire, Whitehall King, was a splendid individual and an excellent breeding bull. His sire, Whitehall Memory, was the chief herd bull used by A. B. Campbell for a number of years and sired numerous Oklahoma Champions. The first dam was sired by Narcissa's Avondale, a good son of the many times Grand Champion, Avondale. The second dam was sired by The Callant, a noted prize winning show bull and a sire of International prize winners. He was not only by Avondale, but his dam Imported Rosewood Pride, was also the dam of the Grand Champions, Whitehall Rosedale, Maxwalton Pride, Pride of Albion, Maxwalton Pride 2d, etc. She was probably the greatest brood cow in the famous herd owned by Carpenter & Ross. Her dam was also the dam of Maxwalton Rosewood dam of Double Dale and also dam of Spicy Pride represented by a number of his get in this sale.

I consider this one of the most desirable pedigrees in the entire sale. White heifer calf at foot of August 3, 1925 by Park Place Corporal.

The first dam was sired by Marengo's Viscount. He was by the International and American Royal Grand Champion Lavender Viscount, and his dam by the English Royal, Supreme Champion Marengo above referred to. The second dam was sired by a son of Imported Choice Goods above referred to, and the third dam was sired by Lavender Viscount above referred to. We doubt if there will be another cow offered for sale this year whose pedigree carries so much blood of English Royal and International Champions. We also doubt if you will find another pedigree where the name of Champion of England appears so close to the top of the pedigree.

This is an old cow, but her pedigree is so valuable that she should be given the best of care and will probably produce for several years.
